Skills

Javascript , HTML, CSS, React.js, git

Experience

H.P.C.L. (Q.C Supervisor) (1year)

Got an opportunity to work under a senior engineer as an QC.supervisor. My work was to follow the instructions given by my senior. For example to check the refinery of oil in the company before it is out for delivery. And even maintain the labor working in the refinery Chamber.

Training (1 month) (Misquita engineering limited, Goa.)

Manufacturing of Precision Machined Components.

Project

Modern Application Form.

Description :- created an Attractive Application Form Using **HTML, CSS, Javascript. In React.** And also added some **Animation, Effects.** From which filled data can be used to fetch in API. The **link** to the **Application Form** is below in **Git.**

<https://github.com/vipinkushwahah/Modern-Application-Form>
